

Hearing Assist for Church Services

Listen **EVERYWHERE**

*Please be patient as we try this
new technology.

*We are happy to help you in
anyway that we can!!!

See Cari Beth Noah for Questions

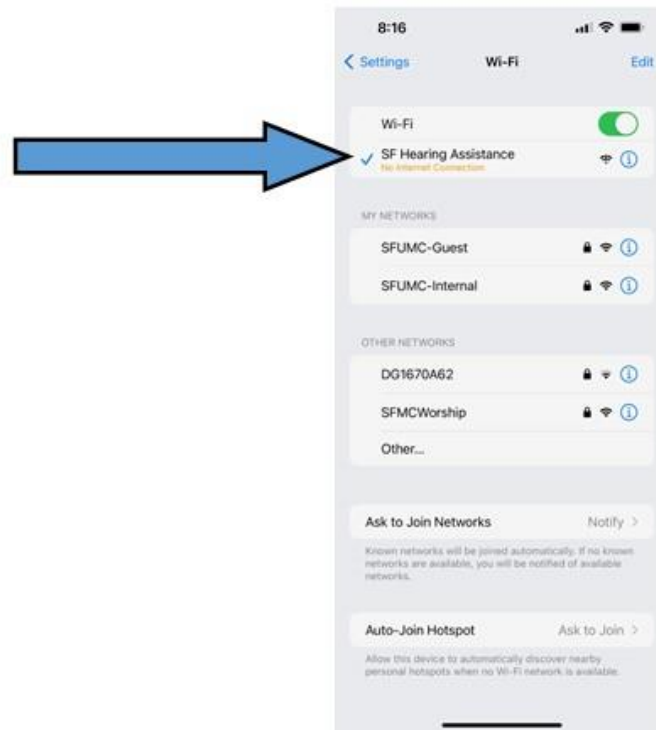

Step 1: Download the App from
your App Store:

Listen Everywhere

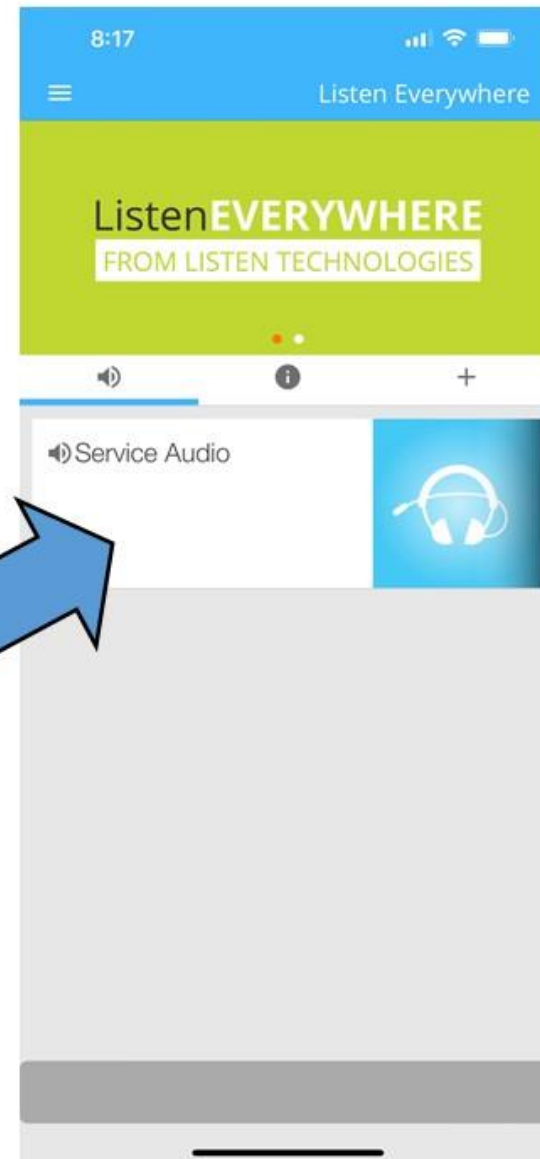

Step 2: In your Wi-Fi settings,
choose the Wi-Fi labeled:

SF Hearing Assistance

**It says NO INTERNET CONNECTION—and that is ok!!!! It's for in house wifi only—we don't need the internet. HOOORAY!

Step 3: Open the app,
once it finds the
signal it will pop up,
click on
SERVICE AUDIO

**At that point you will be able to hear the service straight from the soundboard. Don't panic if you connect and don't hear anything—we don't begin audio streaming until 5 minutes before service. If you do not hear it at that point, then let someone know.

Please see Cari Beth Noah if you have any questions. THANKS!

Step 4:

It should begin playing once you tap on service audio.

Just adjust your volume as needed on your device.
