

# Our Strategic Initiative

1. **Discipleship:** How will we reach the lost, under churchd, and broken?

- Strengthen our discipleship process of Connect, Grow, Go.
- Communicate clearly our discipleship process so it is a part of our culture.
- Develop and strengthen the process of the Leadership Pipeline.
- Provide regular opportunities to be involved in outreach programs, i.e. Community of Hope, Big House, Tar Hollow, and so on.
- Offer a training to help people share their faith.
- Regularly preach about the value of making disciples.
- Use a variety of opportunities to invite individuals to know Jesus as Lord and Savior.
- Provide training so members can learn and use their spiritual gifts in a variety of ministry opportunities. Our goal is every member in ministry someday, somewhere.
- Continue to grow in the use of media to enhance our ministries and outreach.
- Continue to encourage members to have an intimate, passionate, life changing relationship with Jesus.

2. **Family Ministries:** How will we help families connect to the church, one another, and to Jesus?

Provide opportunities for families to address their frustrations and concerns with one another.

- Have regular opportunities for families, couples, and parents to gather, learn, and have fellowship.
- Encourage parents to offer spiritual training for their families providing resources and ideas.

- Look for ways to support the community agencies that help families through “for one another”.
- Purposefully provide inter-generational opportunities for the youth to be mentored by an older individual.
- Expose more children and youth to opportunities to lead in worship and take part in Sunday morning service experiences.

3. **Mission:** How do we help people go into the world?

- Sponsor mission trips and encourage service as a means for spiritual development.
- Help members become aware of possible mission opportunities through media and church announcements.
- Create an awareness that when we leave the church on Sunday morning we are going into the mission field.
